

Abdulrahman Moamen

Machine Learning Engineer | Computer Vision & Deep Learning Specialist

(+02) 1119487889 | abdulrahman.moamen.job@gmail.com | github.com/abdulrahmanmoamen | linkedin.com/in/abdulrahmanmoamen24

Professional Summary

Machine Learning Engineer Intern with hands-on experience in **Computer Vision, Deep Learning, and AI model deployment**. Skilled in designing, training, and evaluating ML models, including **image classification, segmentation, and forgery detection**, using **Python, TensorFlow, Keras, and OpenCV**. Experienced in developing **interactive Streamlit applications** for real-time predictions and visualizations. Strong foundation in **data preprocessing, model optimization, and ML project management**, seeking an internship to apply technical expertise and contribute to innovative AI solutions in a professional environment.

Projects

Fake Image Detection System

- Built an image forgery detection model using MobileNetV2, achieving 74% test accuracy.
- Developed an interactive Streamlit web app for image upload and prediction.
- Added visualization for predicted segmentation masks to improve interpretability.

Face Mask Detection System

- Implemented a CNN-based face mask detection model with OpenCV for real-time inference.
- Focused on efficient preprocessing, model training, and deployment for live video feeds.

Education

- **Bachelor of Science (BSc) in Computer Science** | October 6 University, Giza, Egypt | Sep 2018 – May 2022 | Grade: Good | GPA: 2.45/4

Certifications & Courses

- **Artificial Intelligence Track** – NTI / Huawei Egyptian Talent Academy | 80 hours | Score: 88%
- **Master Machine Learning & AI Diploma** – AMIT | 220 hours | Grade: 90% (Covers Python, Data Science, ML, DL, CV, NLP, MLOps)
- **AI for All: From Basics to GenAI Practice** – NVIDIA Academy
- **Building LLM Applications with Prompt Engineering** – NVIDIA Academy
- **Data Analyst Track** – Abdulrahman Hussain | Ongoing (Data Analysis Fundamentals, SQL & Python for Data Analysis, Data Visualization & Insights)
- Certificates available on GitHub:- <https://github.com/abdulrahmanmoamen/certificates>

Skills

Soft Skills:

- Analytical | Problem-Solving | Teamwork | Adaptable | Detail-Oriented | Innovative

Career Skills:

- Machine Learning Model Development | Computer Vision Solutions | Data Preprocessing & Evaluation | Application Deployment | Project Management & Collaboration

Software Skills:

- Python | C++ | TensorFlow | Keras | Scikit-learn | OpenCV | Streamlit | Git | GitHub | Microsoft Office (Excel, PowerPoint, Microsoft Word, Outlook)

Languages

Arabic: Native Speaker

English: Good
